### Objective

To be a team member of a creative or marketing department. To utilize my experience with design and production in print and web media for an established and progressive company.

### Experience

#### **The Creative Group** *New York City, NY. Freelance Designer, 2001- present*

Designed and produced various marketing and packaging artwork for presentation and commercial sale. Developed logos, product identity and assisted in presentation set up and displays. Worked directly under Marketing and Creative Managers as part of the design and production team.

#### **Concord EFS** *Tempe, AZ. Marketing Services, 2000-2001*

Designed and printed marketing material for e-commerce division. Consulted and assisted clients to develop e-commerce websites. Researched payment gateways and competitive payment processors. Created marketing collateral and trade show materials.

#### **Synergy Productions** *Phoenix, AZ. Account and Print Division Manger, 2000*

Consulted, designed and produced various marketing collateral for both web and print media. In charge of all print related products and services. Involved with extensive project tracking, contract and proposal writing and task assignment. Managed design staff of four full time employees. Currently freelancing.

#### **MicroStar International** *Scottsdale, AZ. Project Designer, 1999-2000*

Print and web account supervisor. Managed client's digital and print needs. Acted as a design consultant for web sites, business identities, and print collateral. Involved with in-house marketing and sales. Developed networking strategies in coordination with sales and marketing staff.

#### **DO Design** *Scottsdale, AZ. Project Manager and Designer, 1997-1999*

Managed marketing and advertising campaigns. Jobs included web site development and maintenance, designing print ads for national and local publications, print consulting and management. Handled production and design for business publications and magazine spreads.

### Education
